Where in the World...?

By Joey, Kindergarten Reporter

I like it when we color our map in the Geography Center, because it helps you learn about all the countries and stuff. When you are done coloring you get a sticker of a high-five from Snoopy.

It's Almost Fall!

By Molly, Kindergarten Reporter

I like it when you can jump in the leaves. It can be a good day to go somewhere with your Grandma and Grandpa and have fun!

Chicka Chicka Boom Boom

We ended our very first reading unit with the Chicka Chicka Boom Boom Party Stations last Friday. We had a great time becoming coconut trees, playing games, making snacks and crafts.

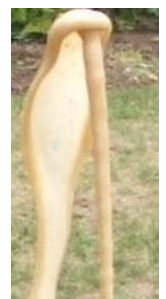

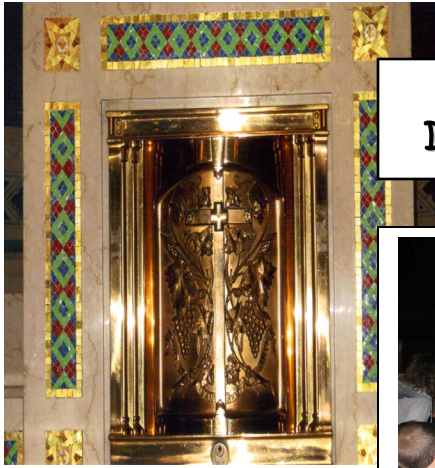

Scientific Wednesday

Soda Geyser

Last week's Scientists, Lizzie, (above left) and James N., (above right), demonstrated our soda geyser experiment. We learned about physical reactions when the Mentos were dropped into the diet soda. It was a fun, foamy eruption.

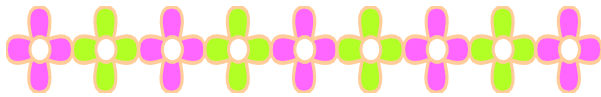

Our Faith
Is All Around Us

The Tabernacle

Kindergarten made a visit to church to learn about the "Tabernacle." We learned that inside it holds the extra hosts that Father Larry used for Communion from Mass and are brought to anyone that might not be able to come to church if they have to stay home because they are sick.

Reminder to Parents

- Please check your child's folder and backpack **daily**. (Please look over what's inside).
- If you haven't done so, please send a family photo to school with your child.
- For **safety reasons**, please have your child stay with you or line up outside the kindergarten doors during morning arrival.

Mrs. Flowers and The Library

We look forward to and love to have stories read to us every week by Mrs. Flowers, Ascension's Librarian. She is really, really great!

Upcoming Events

- No School on Friday, September 30th.
- Tailgate party, October 1st
