

Get to Know the New Home of Schoolpop

This fall Schoolpop will have a new home at OneCause.com, where you will be able to make an even bigger difference for our school through your everyday purchases! You will still be able to view all of your transactions and earn the same (if not more!) contributions as before. But quite a few other features will be available that you won't want to miss!

Schoolpop's New Home Will Feature:

- A completely redesigned, friendly interface.
- New ways to search for both schools and causes!
- New messaging tools to contact your Champion and other Supporters directly.
- New ways to save your favorite merchants and do your everyday shopping quicker.
- Your own My Home page, where you can share something about yourself, view total contributions at a glance, access your favorite schools, causes and merchants, and invite friends to support our school!
- The new My School page, where we can create our own online community and encourage more people to support our school by sharing a description, image, contribution goal and more!
- The ability to keep up with our school's latest news and event updates.
- And so much more!

The screenshot displays the OneCause.com homepage. At the top, there's a navigation bar with 'Home', 'Shop', and 'Causes' tabs. A main banner features a white dog and a testimonial from Sara K. of Animal Rescue League of Boston. To the right, statistics show \$200,488,124 in contributions, 30,522 nonprofit causes, 12,682 supporters, and 380 online merchants. A 'Find a Cause' search box is also visible.

Soon you will all be able to try out these new features for yourself and see how simple it is to contribute more to our school, all year round!

See You This Fall at the New Home of Schoolpop!
